McKINLEY FORBID IT

CHAFFEE TELLS STORY
OF CHINESE CAMPAIGN

COULD HAVE CAPTURED \$80,000,000
OF CHINESE TREASURE / AD
PRESIDENT NOT STOP-
PED HIM.

New York, Jan. 9.—If President McKinley had not forbidden it, General Chaffee admitted this evening in an address at the Hamilton Club in Brooklyn where he was the guest of honor at a dinner in commemoration of the birthday of Alexander Hamilton, he would have seized treasure worth \$80,000,000 when he was in command of the American troops in China. He knew the location of this treasure in the Forbidden City, and had plan to take possession of it, he said, when the President vetoed the proposition. It was his intention to hold out any amount that might be settled upon as a proper indemnity.

"We and the Japanese had the honor of guarding the gate to the Forbidden City," said Chaffee, "and within the walls was the greatest treasure in the Chinese empire, including the jewels of the Empress Dowager. So great was its volume that it took a hundred Chinese soldiers twenty days to transport it from the winter palace to the house where it was secreted. I even had a map of the Forbidden City, with the location of the house where the treasure was concealed plainly marked on it, and at a moment's notice I could have seized the entire amount had not my hands been tied."

him of any rights vested in him by the articles of association.

They admit that the meeting of stockholders called for September 9, 1932, was to pass certain by-laws for the purpose among others of preventing Charles A. Brown from receiving from the board of directors a leave of absence from the Territory for a period of over three weeks, and for the further object of declaring the office of treasurer and manager vacant should Brown remain absent for more than that time.

"And they allege that in order to have the sole and exclusive charge, care and control of all the real and personal property of the company and to receive all moneys that shall be due, owing or payable to the company, and to disburse all moneys that shall be due, owing or payable by the company, and to perform such other duties as generally attach to the offices of treasurer and manager, it is absolutely necessary that plaintiff while he continues to hold said office should be a resident of and remain in the Territory of Hawaii. And they further allege that all the business of said John H. Estate, Ltd., is confined to and done wholly within the Territory of Hawaii."

Amidst a number of other admissions and denials, the respondents say: "They deny that said by-laws are unlawful, unreasonable, vexatious, unequal and oppressive, and they deny that said by-laws impair the vested rights and privileges of plaintiff guaranteed under said articles of association, and they allege that said by-laws are lawful and reasonable and do not impair any rights and privileges of plaintiff. And that when plaintiff fails to perform his duties as treasurer and manager of said company it is reasonable and lawful to provide by the by-laws for the proper and necessary carrying on of the business of said company."

Robertson & Wilder are attorneys for Mr. Carter and Mrs. Holloway.

The answer of the minors by their guardian ad litem, Alfred W. Carter, whose counsel is Alfred S. Hartwell, simply states:

"We are infants, each under the age of twenty-one years, that is to say—the said George H. Brown of the age of fifteen years, and the said Francis Hyde Brown of the age of nine years—and we respectfully submit our rights and interests in the matters in question in the cause in question to the care and protection of this honorable court."

The minors have an aggregate interest of \$49,900, at par value of the stock, in the John H. Estate, Ltd.

C. W. Ashford has returned from Maui. There are no new developments in the Lanai ranch troubles, pending the trial of John F. Colburn's three agents set for Wednesday next in the Lahaina district court.

Colds seem to be quite general owing to weather changes and many people have coughs and colds. The Holborn Drug Co. report a strong demand for the well known remedy for coughs—Putnam's Cherry Cough Comfort.

Among the arrivals from Hilo and way ports in the Kinau today were the following: J. A. Magoon, T. E. Wall, J. A. M. Johnson, Mr. and Mrs. F. B. Thompson, J. M. Coulson, H. R. Hitchcock, C. Streckewald, Mr. and Mrs. E. P. Low and A. C. Lovekin.

Renders Its Report

former conditions. The question of sewerage is now a more serious problem and should be given no small amount of attention. We have visited various locations of the city and we report as follows:

With relation of the locality on the south side of Fort street, between Pohnahawai and Furneaux streets, we find houses in which numbers of Asiatics are living built over stagnant water with very little ventilation under the buildings. We suggest for the welfare of the community and as a safeguard against spread of disease that laws relative to the regulating of sanitary conditions be more strictly enforced. That property holders in this locality be required to comply with the same. The water for domestic purposes has in many cases for its outlet a neighbor's yard, or seeks its level under the dwelling houses, being charged with all kinds of organic matter, is a breeding place for disease germs and a menace to public health.

The Territory has already been placed at great expense as a result of similar conditions in Honolulu, and we would urge the need of the above mentioned improvements.

We have visited the jail and from a sanitary standpoint have found it in good condition and reflects credit on those in charge, but we find the jail buildings to be small and ill arranged for the needs of this island, and would recommend that the Legislature provide for its improvement.

We desire to call the court's attention to the matter of Antonio G. Serrao, where the Board of Health burned his store. Stock of merchandise, dwelling house and furniture, all of which were burned by order of Dr. Wood, president of the Board of Health, and the same was (before being burned) appraised, said appraisal amounting to \$5,304 which the Grand Jury find was not in excess of the true value of said property.

A bill for the above amount was sent to the proper authorities, but the Board of Claims allowed only \$4,841.25. We are of the opinion justice was not done the said Antonio G. Serrao, and we earnestly recommend that the balance of this claim be paid by the Government. In conclusion we wish to record the thanks of the jury for the able and efficient manner in which Mr. Douthitt the Deputy Attorney General has presented the cases to us. All of which is very respectfully submitted.

SHIP EVA MONTGOMERY
ARRIVES FROM LONDON

The British ship Eva Montgomery arrived from London this morning at about 10 o'clock after a passage of 141 days. The Montgomery left London August 29 of last year. She experienced fine weather as far as Madeira, where she lay for eight days in a calm. From Madeira she had a favorable passage, crossing the Equator October 10, being then 45 days out. The vessel was seventeen days from 50 to 60. Off the Horn she experienced several gales. Although these were not very severe the weather was very trying, as the wind kept shifting continually. From 50 south to port, fine weather was experienced.

The Eva Montgomery is a very new vessel, this being only her second voyage. She was built in Glasgow and made a trip to Australia, San Francisco and back home previous to this trip. Despite her long voyage, the Montgomery arrived in port this morning sleek and span and beautifully clean on deck and aloft. Captain Harrison is accompanied by his wife on this voyage.

The Montgomery brings 1,400 tons of cargo for this port. She has on board 1,600 tons for Seattle and Tacoma, for which ports she will sail on leaving Honolulu. She is at present lying at the railroad wharf.
